Futuraula Speaks

From Barcelona:

'Throughout this month of April, from Futuraula we have been collaborating with Sussex Development Society and we have been reviewing and carrying out tasks of the Challenge that we launched on April 6th, **#Fundraiseforadesk** (link below eBulletin!)

On the other hand, we are working on our next project which is a Workshop Marathon, starting on May 8th.'

News from India

A candle for India

You probably know about the devastation the pandemic is causing all over India. For us, it's absolutely heart-breaking to think of the desperate situation our dear friends are going through, and are currently discussing ways to help alleviate the situation.

It is with a lot of sadness, but also hope, that today we light a candle for India.

Thank you for continuing to support our projects in these extremely difficult times.
