

Updates from India

Sendanadu's New IT Centre

Over the last few months, we have been working on opening a new IT Centre in the village of Sendanadu in Tamil Nadu. The Centre is now open and the children in the village have been enjoying learning how to use the computers and improving their IT skills.

Sendanadu has low rates of children attending school and a lack of educational facilities. The IT Centre provides access to computers. It will allow them to socialise with other children and learn IT skills that will impact on their education and increase access to further studies.

Back at Brunswick!

The Indian Futures Team had their yearly stall at Brunswick Festival in Brighton this month. We had a stall selling items made from our Tailoring Project, along with other traditional Indian items. The day was a lot of fun and a huge success, raising £405 to go towards our projects in India.

Spoken Word at The Dene

Alanna was joined by Jo, Sally and musician Roger, to read poems from her creative writing group at The Dene, to say thanks for their generosity in regularly donating to Indian Futures. The spoken word poetry was followed by a raffle!
