UK News

Our Impact Series

Indian Futures has started collecting stories about the communities we've been working with for the last three years. We wanted to share some of these stories with you, to show you the impact of your support.

“

“Indian Futures has helped me to learn as well as financially. By Indian Futures employing me I am able to be independent, meaning I can now support my son and the rest of my family. Indian Futures has also helped lots of other girls here, we now have the freedom of choice and even the opportunity to buy our own homes.”

”

- M. INDIAN FUTURES ASSISTANT IN INDIA

“

“Indian futures has helped me by employing me as an IT Teacher - this has increased my income and social status. Indian Futures continued to support me therefore my family during COVID, I'll always be grateful.

By employing me as an IT teacher also helps the children I'm teaching as IT is important for our children's future and their jobs.

”

- M. MURUGAN, IT TEACHER

“

“My heart felt thanks to Indian Futures for giving us somewhere to go after-school - to learn, play games, watch the Lion King and be with my friends.

Thank you for making this happen.”

”

- KAVINASH, STUDENT OF THE AFTER-SCHOOL CENTRE

“

“Indian Futures continued my salary during the COVID lockdown. I was able to purchase a smartphone that also helped my children do online learning - You made this opportunity happen, thank you.”

”

- PRIYA, TEACHER AT THE LAIA FOUNDATION

Futuraula Speaks

The return of Futuraula

Futuraula is back. And it's back with more strength than ever! A total of 10 students from Euroaula, University School of Tourism in Barcelona, have joined the committee this year. They've already had their first meeting where they talked about their goals for this year and started discussing Christmas fundraising events.

The funds raised by Futuraula this academic year will cover the expenses of 6 students from our Sponsorship Programme.

Futuraula organises events in the city of Barcelona to raise funds for our projects in India

News from India

Students in Thandarai Pettai IT Centre

Our Student Sponsorship Programme

Now that universities are up and running we've restarted our Sponsorship Programme. A total of 14 female students from the poorest backgrounds in our communities are taking part in this year's programme.

Sponsoring a student costs £20/month. Click the donate button in our website to participate.

Our IT Community Centres

Sometimes, to see change one just has to look at the expressions on our students' faces when taking part in an activity. We love this photo because it shows so well the interest our communities have demonstrated in learning IT.

Our goal now is to take IT to many more people, by creating more centres, training more teachers and improving facilities.
